LOAN PORTAL CONNECT & LENDING PARTNERS

In June 2017, Evergreen Credit Union launched a unique program, Loan Portal Connect. The program connects with local business to partner with Evergreen Credit Union as a trusted lender. What does that mean for our members? At any of the program's Lending Partner facilities, you're able to apply for an Evergreen loan electronically at that business.

SKIP THE TRIP TO THE BRANCH - We have your loan covered with our Lending Partners and Evergreen Credit Union!

DON'T HAVE AN EVERGREEN ACCOUNT? - If you qualify to bank with Evergreen Credit Union, we will deposit the ONE-TIME opening sum of \$25 into your savings.

YOUR EVERGREEN LOAN IS AS EASY AS 1-2-3

1. Submit an online application at any of our trusted Lending Partners.
2. Evergreen Credit Union will contact you to review your loan request.
3. If approved, your documents are sent to you electronically to sign.

That's it! Visit one of our Lending Partners today & apply for your Evergreen loan with them!

FINANCING MADE EASY [Evergreen Lending Available 24/7](#)

Evergreen's Lending Partners offer many benefits for our valued members and their customers. First, there's our promise to offer safe and convenient loan applications online. We recently introduced **24/7 loan service coverage to our Lending Partners**. This means that you can apply for a loan with any of our Lending Partners even when our branches are closed. Once you submit an application, you'll receive a call from one of our lending team specialists. Some loan transactions may have to be completed on the next business day however, your application will be in the works. Evergreen Credit Union combines convenience and rapid responses to all of your loan requests.
